## LIMITED LIFETIME WARRANTY

### Limited Warranty

United States Seamless® Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding (Products) are exclusive Products of United States Seamless, Inc. (United States Seamless®). Subject to the exclusions and limitations set forth in this warranty, Klauer Manufacturing Company (Klauer Manufacturing) warrants to all registered Owners (or their registered transferees) that the Products, if installed according to the manufacturer's specifications, are free from defects in material and workmanship in the course of manufacture and that the finish on the Products will not chip, peel, flake, crack or blister under conditions of ordinary wear. Klauer Manufacturing will upon notification and verification of any defect, at its sole option, either repair, refinish or replace that portion of the Product which has been found defective. If Klauer Manufacturing is unable to make replacement, and repair is not commercially practicable or cannot be performed within a reasonable period of time, Klauer Manufacturing may elect to refund to the Owner the initial installed cost of the Product found to be defective.

### Duration of Warranty

The Limited Lifetime Warranty (Warranty) shall be effective upon registration as set forth below and shall remain in effect for as long as the owner of the property to which the Products were originally applied (Original Property Owner) continues to live and to own the property. In the event there is more than one Original Property Owner, this Warranty will remain in effect as long as one of the Original Property Owners is living and owns an interest in the property. This Warranty is transferable by following the transfer procedures set out below from the Original Property Owner to a subsequent owner of the property and by any subsequent owner of the property to another subsequent owner of the property (see Warranty transfer).

If, at the time the Products are originally applied to the property, the property is owned by an entity other than an individual, such as in the case of a corporation, condominium or cooperative housing arrangement, unincorporated association, school, church, government, or public entity, etc., the Warranty period shall be 60 years from the date of original installation of the Products.

### Coverage Exclusions and Limitations

- This Warranty does not cover damage of any kind resulting from:
  - faulty or improper installation;
  - installation by an individual who is not an authorized United States Seamless® franchisee;
  - use of accessories other than genuine United States Seamless® Platinum Series™, Mountain Cedar® and Northwoods™ accessories;
  - accidental damage, falling objects, explosions, settlement, structural shrinkage or distortion of the property structure;
  - fire, lightning, hurricane, tornado, windstorm, flood, earthquake, hail (however there is a separate hail damage Limited Warranty), or other acts of God;
  - harmful chemicals (including harmful cleaning compounds), radiation, fumes or vapors;
  - surface deterioration due to air pollution, misuse, abuse, vandalism, normal weathering, mildew accumulation, standing water and direct exposure to corrosive and aggressive atmospheres including salt spray and animal waste products, the owner's failure to provide reasonable and necessary maintenance of the Products (see "Care and Maintenance Instructions"), impact of foreign objects, or other acts caused beyond the reasonable control of Klauer Manufacturing.

"NORMAL WEATHERING" IS DEFINED AS THE DAMAGING EFFECTS OF SUNLIGHT AND EXTREMES OF WEATHER AND ATMOSPHERE THAT MAY CAUSE ANY COLORED SURFACE TO CHALK, FADE OR BECOME SOILED OR STAINED. THE DEGREE TO WHICH NORMAL WEATHERING OCCURS DEPENDS ON AIR QUALITY, THE BUILDING'S LOCATION AND OTHER LOCAL CONDITIONS OVER WHICH KLAUER MANUFACTURING HAS NO CONTROL. THIS WARRANTY EXCLUDES DAMAGE TO THE PRODUCTS INSTALLED WITHIN ONE MILE OF SALT WATER. THIS WARRANTY SHALL NOT APPLY TO PRODUCTS WHICH HAVE BEEN PAINTED OR WHOSE SURFACE HAS BEEN ALTERED IN ANY WAY WITHOUT WRITTEN AUTHORIZATION FROM KLAUER MANUFACTURING.

- Klauer Manufacturing reserves the right to discontinue or change any design or color of any of its Products. If, for any reason, Products of the type originally installed are no longer available from Klauer Manufacturing at the time the defect is discovered, and if the Warranty period is still in effect, Klauer Manufacturing, in fulfillment of its Warranty obligations hereunder, shall have the right to substitute another Product determined by Klauer Manufacturing to be of comparable quality and price.
- In the event of repair, replacement or refinishing pursuant to this Warranty, the Warranty applicable to the replacement material or to the repaired or refinished Products will extend only for the time remaining under the original Warranty. Due to normal weathering, Products repaired, replaced or refinished during the Warranty period may differ in gloss and color from Products that were originally installed, if any of such Products remain on the property. Klauer Manufacturing in repairing, replacing or refinishing a defective or damaged Product will attempt to match the existing siding within the limits of its existing normal Product line, but will not be responsible (except to the extent provided in the separate limited Warranty against excessive fading) to repair, replace or refinish Product which is not defective in order to match the gloss and color of the remaining Product.
- Klauer Manufacturing is giving you an express written limited Warranty under the provisions of the Magnuson-Moss Federal Warranty Act. Klauer Manufacturing's obligations are limited solely to those obligations which are provided herein and which are provided by law. No franchisee, salesperson, applicator, employee, agent or any other person has the authority to alter the terms and conditions of this written Warranty. The obligations of Klauer Manufacturing herein are not assumed by United States Seamless®, simply because United States Seamless® may act as a processing agent for Klauer Manufacturing.

ANY IMPLIED WARRANTIES IMPOSED BY LAW, SUCH AS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN TIME TO THE DURATION OF THIS EXPRESS WARRANTY. KLAUER MANUFACTURING SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL DAMAGES OR INCIDENTAL DAMAGES FOR BREACH OF ANY EXPRESS, WRITTEN, ORAL OR IMPLIED WARRANTY ON THE PRODUCTS. YOUR EXCLUSIVE REMEDY FOR ANY BREACH OF WARRANTY SHALL BE AS SET FORTH IN THIS WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, AND SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

This Warranty gives you specific legal rights. You may also have other rights which vary from state to state. This Warranty covers only genuine United States Seamless® Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding installed by an authorized United States Seamless® franchisee. IT IS THE RESPONSIBILITY OF THE ORIGINAL PROPERTY OWNER TO VERIFY THAT THE SIDING AND ACCESSORIES INSTALLED ARE EXCLUSIVE PRODUCTS OF UNITED STATES SEAMLESS®.

### LIMITED LIFETIME WARRANTY AGAINST EXCESSIVE FADING OR CHALKING

All colored surfaces will fade or chalk due to exposure to sunlight and extremes of weather and atmosphere. However, Klauer Manufacturing has applied to the United States Seamless® Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding (Product) coatings designed to minimize fading and chalking.

Klauer Manufacturing warrants that the Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding will not fade or change color in excess of five (5) Delta E Units for a period of forty (40) years from the date of original installation and seven (7) Delta E units thereafter, as measured using the procedure of ASTM D-2244, comparing an unexposed panel to the exposed panel after removal of surface soils and oxidation.

Additionally, Klauer Manufacturing warrants that the Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding will not chalk in excess of ASTM D-659 numerical rating of eight (8) for a period of forty (40) years from the date of original installation and six (6) thereafter.

This Warranty is transferable by following the transfer procedures set out below from the Original Property Owner to a subsequent owner of the property and by any subsequent owner of the property to another subsequent owner of the property (see warranty transfer).

If, at the time the Products are originally applied to the property, the property is owned by an entity other than an individual, such as in the case of a corporation, condominium or cooperative housing arrangement, unincorporated association, school, church, government, or public entity, etc., the Warranty period shall be 60 years from the date of original installation of the Products.

Klauer Manufacturing will upon notification and verification that fading or chalking has occurred in excess of the above standards, either repair, replace or refinish that portion of the Product which has been found to have excessively faded or chalked by the above standards. If Klauer Manufacturing is unable to repair, replace or refinish the Product which has excessively faded or chalked by the above standards and repair is not commercially practicable or cannot be performed within a reasonable period of time, Klauer Manufacturing may elect to refund to the Owner the initial installed cost of the Product found to have excessively faded or chalked according to the above standards.

## CARE AND MAINTENANCE INSTRUCTIONS

United States Seamless® Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding provide the rich look of traditional siding without the upkeep. The Platinum Series™ finish is highly resistant to UV rays and most man-made pollutants. In most cases, normal rainfall is sufficient to keep it clean. But if your United States Seamless® Platinum Series™, Mountain Cedar® and Northwoods™ Seamless Steel Siding and Steel Accessories and United States Seamless® Platinum Series™ Steel Shake and Shingle Accent Siding should need cleaning, the following procedures are recommended. Particular attention should be given to areas under eaves, porches, awnings and other overhangs that have limited exposure to the natural washing effect of rainfall.

- Moderate Atmospheric Dirt -An occasional washing with clear water using a garden hose and softbristled brush is recommended (a long-handled, car washing brush is ideal for this purpose).
- Heavy Industrial Atmospheric Dirt -Wash in the manner indicated above, but use the following solution:
  - 1/3 cup detergent (Tide®, for example)
  - 2/3 cup trisodium phosphate (Soilax®, for example)
  - 1 gallon water
- Mildew Accumulation -Mildew can collect on surfaces of all types of building products and is often evident on surfaces that have not been properly cared for and maintained. Normally, mildew will appear as black spots. Mildew is easy to remove by using the basic cleaning solution above with the addition of sodium hypochlorite as follows:
  - 1/3 cup detergent (Tide®, for example)
  - 2/3 cup trisodium phosphate (Soilax®, for example)
  - 1 quart sodium hypochlorite 5% solution (Clorox®, for example)
  - 3 quarts water
- Caulking Compounds, Tar and Similar Substances -Use mineral spirits in reasonable amounts and apply directly to the foreign substance. Immediately after cleaning, rinse the area thoroughly with water.

CAUTION: Do not exceed the recommended concentrations of cleaners. To do so can cause damage to the Product's surface. Avoid skin and eye contact with the solution, and in all cases follow manufacturer's instructions for the use of cleaning compounds and solutions. Avoid use of abrasive-type cleaners and strong solvents. Test any cleaner on an inconspicuous area before applying to major areas. To minimize streaking, always clean from the bottom to the top and follow with a rinsing of clean water. Excessive scrubbing is unnecessary and can be harmful to the products.

PAINTING: As provided in the warranty, painting will void the warranty unless authorized in writing by Klauer Manufacturing.

Any minor product adjustments should be discussed with your authorized United States Seamless® franchisee who performed the work. These adjustments can best be made by your authorized United States Seamless® franchisee, since he or she is most familiar with your particular installation.
